INDEX

1957

1. - ALPHABETICAL INDEX OF SUBJECTS

A

Abdominal surgery

Postoperative pulmonary complications following abdominal surgery. Notes on the preventive administration of a bronchosecretolytic associated with an antibiotic, 347.

Acromegaly

Dopaminergic control of growth hormone secretion in normal and acromegalic subjects, 101.

Age

Patent ductus arteriosus with elevated pulmonary vascular resistance, 37.

Alcoholism

Alcoholism cardiopathy, 46.

Allimentary tract

Leiomyomata responsible for hemorrhage of the digestive system, 138.

Amenorrhoea

Results with microlaparotomy and ovary biopsy in the investigation of amenorrhoea, 215.

Aminoacidopathy

Report on three years' work carried out by an aminoacidopathy diagnosis and treatment centre, 269.

Aminosidine

Treatment of bronchopneumopathies with venously perfused aminosidine, 31.

Anaesthesiology

Clinical and therapeutic considerations on a case of malignant hyperthermia during anaesthesia, 348.

Anaesthesiological problems in kidney transplants, 147.

Aniline poisoning

Notes on acute aniline poisoning and presentation of a clinical case, 213.

Aortic stenosis

A case of aortic supra-avalvular stenosis, facies elfica and mental deficiency, 46.

Arterial embolectomy

Personal experience with peripheral arterial embolectomy, 347.

Arterial hypertension

Influence of the dialysis bath in the control of arterial hypertension in patients receiving regular dialysis treatment, 87.

Arterial infusion chemotherapy

Bronchial artery infusion therapy for lung cancer as surgical adjuvant chemotherapy, 290.

Bronchial artery infusion therapy for unresectable bronchogenic carcinoma, 337.

Combined intra-arterial infusional chemotherapy of advanced head and neck tumors, 326.

Continuous intra-arterial infusion for treating Jensen sarcoma, 304.

Current experience with infusion chemotherapy of hepatic cancer, 294.

Experience of intra-arterial chemotherapy in head and neck, 319.

Four and one half year cancer-free survival after ambulatory arterial infusion of 5-fluorouracil for cancer in the liver, 339.

Histological changes of squamous cell carcinoma induced by continuous intra-arterial infusion of high doses of methotrexate, 331.

Intra-arterial cytotoxic therapy and radiotherapy for locally advanced breast cancer (Interim report of a trial), 280.

Intra-arterial infusion of antineoplastic drugs for tumors of the head and neck. A critical evaluation of long term results, 329.

Loco-regional selective chemotherapy in advanced neoplasias of the head and neck, 311.

Loco-regional selective chemotherapy in advanced neoplasias of the head and neck, 315.

Management of advanced head and neck neoplasms by continuous intra-arterial infusion and irradiation, 323.

Regional chemotherapy plus surgery: a prospective randomized study, 284.

Results of intra-arterial infusion in combination with irradiation and surgery in the treatment of cancer of the head and neck, 308.

Treatment of metastatic adenocarcinoma from colon to liver by intra-arterial infusion of chemotherapeutic agents, 279.

Treatment of primary and secondary liver cancer by protracted arterial chemotherapy, 296.

Arterial prostheses

Sparks autogenous arterial prostheses, 414.

Arterial radiotherapy

Locoregional treatment of neoplasms by radioactive infarct particles introduced via arterial catheterization, 398.

Personal experience with endoarterial radiotherapy in 8 cases of renal tumour, 412.

Regional internal radiation for hepatic cancer, 409.

Treatment of cancer by the intra-arterial injection of radioactive isotopes, 394.

Treatment of metastatic cancer of the liver from primary cancers of the rectum and colon, 405.

Arteriopathies

A functional study of peripheral obstructive arteriopathies, using an ultrasound flow detector, 144.

Arteriosclerosis

Preliminary researches on the prevention of arteriosclerosis by means of measures taken during childhood, 144.

The relationship between blood lipids and certain ocular diseases associated with arteriosclerosis, 347.

B**Biochemistry**

Glutathione biochemistry: recent findings, 88.

Blood iron

Blood iron and transferrin values during oral loading with a preparation giving gradual release of iron in the intestine, 144.

Bochdalek hernia

A case of strangulated Bochdalek hernia in a 6 yr-old boy, 46.

Bone

Bone impairment in secondary syphilis, 148.

Bone alterations

Femorotibial bone alterations after experimental acute arterial obliteration in the animal: questions of physiopathology and histological examination, 269.

2 Br-alpha-ergocryptine

Dopaminergic control of growth hormone secretion in normal and acromegalic subjects, 101.

Bronchopneumopathy

Treatment of bronchopneumopathies with venously perfused aminosidine, 31.

Bundle branch block

Phase-4 conduction disturbances: bundle branch blocks and paroxysmal complete atrioventricular block, 22.

C**Calcium metabolism**

Hyperparathyroidism in pregnancy, 1.

Cardiac haemorrhage

Control of massive right atrium haemorrhage with a Foley catheter, 87.

Cardiac infarct

Short- and long-term observations on the therapeutic effectiveness of oxypheдрine in acute cardiac infarct, 414.

Cardiology

A case of advanced incomplete interatrial block with right endo-oesophageal and intra-atrial recordings, 88.

A series of 61 cases of cerebral embolism in cardiopaths, 46.

Alcoholism cardiopathy, 46.

Cerebral embolism

A series of 61 cases of cerebral embolism in cardiopaths, 46.

Cervix circlage

Notes on circlage of the cervix during pregnancy, 414.

Childhood

Preliminary researches on the prevention of arteriosclerosis by means of measures taken during childhood, 44.

Cholelithiasis

Personal experience in the surgical management of 20 cases of papillo-odditis following cholelithiasis, 89.

Anatomical and clinical notes on post-pregnancy cholelithiasis, 213.

Chorangioma

Chorangioma as a feature of maternofetal pathology, with particular reference to premature labour, 213.

Chromaffinoma

Eight cases of chromaffinoma in pregnancy, 145.

Chromosomes

- Clinical and cytogenetic assessment of a case of trisomy 22, a possible new syndrome, 49.
A case of serious mental retardation in a subject with a 46, XX, 9p12+ karyotype, 348.

Coloscopy

- Coloscopy and endoscopic polypectomy in the prevention of cancer of the large intestine, 83.

Complete atrioventricular block

- Phase-4 conduction disturbances: bundle branch blocks and paroxysmal complete atrioventricular block, 22.

Congenital malformations

- Two cases of dysplasia of the abdominal muscles associated with deformities of the urinary apparatus and cryptorchidism, 144.
A case of aortic supraaortic stenosis, facies elfica and mental deficiency, 46.

Contrast media

- Iodoxamic acid: a new cholangio-cholecystographic preparation, 213.

Coxofemoral joint

- The embryology of the coxofemoral joint in man, 47.

Cryosurgery

- Application of low temperatures in brain surgery. A critical review based upon an experience of 10 years, 362.
Cryosurgery for hemangiomas, 371.
Cryosurgery for oral cancer, 376.
Cryosurgery for the treatment of neoplasms of the oral cavity, 366.
Cryosurgery in metastatic malignant melanoma, 382.
Cryosurgery of massive recurrent cancer, 359.
Cryosurgical treatment of the nervus facialis in the rhesus monkey, 373.
Intra-arterial chemotherapy adjuvant to cryosurgery of oral cancer, 369.
Long-term results of cryotherapy in the management of inoperable carcinoma of the prostate, 390.
Results with cryotherapy in skin tumours, 384.

Cryptorchidism

- Two cases of dysplasia of the abdominal muscles associated with deformities of the urinary apparatus and cryptorchidism, 144.

Cystine thesaurismosis

- A case of cystine thesaurismosis, 47.

D**Degenerative arthropathies**

- The use of a new pharmacological association in the treatment of degenerative arthropathies, 269.

De Morsier-Kallmann syndrome

- Hypothalamic-hypophyseal function in a female subject with olfactogenital dysplasia, or De Morsier-Kallmann syndrome, 145.

Dermatology

- A case of Lewandowsky-Lutz verruciform epidermodysplasia with epitheliomatous degeneration, 47.
A study of HL-A phenotypes in six families with a high incidence of psoriasis, 48.
A case of neurocutaneous melanosis, 48.
Electron microscope study of two cases of bulbous congenital ichthyosiform erythrodermia (epidermolytic ichthyosis), 87.
A rare case of cystic nodular hydradenoma with myoepithelial component, 146.

Dermaangiopathy

- Notes on 56 cases of pretibial atrophic-pigmentary dermaangiopathy in diabetes, 6.

Diabetes

- Notes on 56 cases of pretibial atrophic-pigmentary dermaangiopathy in diabetes, 6.

Diabetic retinopathy

- Treatment of diabetic retinopathy by pituitary inhibition with MAP, 269.

Dialysis

- Influence of the dialysis bath in the control of arterial hypertension in patients receiving regular dialysis treatment, 87.

Drug effects

- Results with an injectable anti-aldosterone in internal medicine, 214.
Preliminary clinical notes of the determination of the blood levels and urinary excretion of the components of a new, rectally administered anti-inflammatory product, 214.

Dupuytren's contracture

- Notes on pre- and post-operative treatment in Dupuytren's contracture, 87.

E**Electrolytes**

- A case of primary hypomagnesaemia with secondary hypocalcaemia, 147.

Electron-microscopy

Electron microscope study of two cases of bul-
lous congenital ichthyosiform erythrodermia
(epidermolytic ichthyosis), 87.

Electrophysiology

Phase-4 conduction disturbances: bundle branch
blocks and paroxysmal complete atrioventricu-
lar block, 22.

Electrostimulation

Four cases of breakage of epicardial electrodes
in permanent stimulation and description of a
repair technique, 414.

Embryology

The embryology of the coxofemoral joint in man,
47.

Endocrinology

Notes on an American series of 500 cases of
primary hyperparathyroidism, 47.

Epidermodysplasia

A case of Lewandowsky-Lutz verruciform epider-
modysplasia with epitheliomatous degeneration,
47.

Erythrodermia

Electron microscope study of two cases of bul-
lous congenital ichthyosiform erythrodermia
(epidermolytic ichthyosis), 87.

Experimental surgery

Effect of mesenterico-caval anastomosis on meta-
bolism and liver mitochondrial function in the
rat, 89.
Femorotibial bone alterations after experimental
acute arterial obliteration in the animal: ques-
tions of physiopathology and histological ex-
amination, 269.

F**Fat embolism**

Nine cases of post-traumatic fat embolism, 88.

Femoral arteries

Preclinical atherosclerosis: possibility of identi-
fication by auscultation for the femoral arteries,
415.

Femur neck fractures

Notes on 18 cases of osteosynthesis with two
A-O spongy screws in femur neck fractures, 88.

Fibrinolysis

Fibrinolysis in the last three months of preg-
nancy, 145.

Fibrinolytic homeostasis index

The fibrinolytic homeostasis index in physiologi-
cal and pathological pregnancy, 214.

G**Gastric stump**

Seven cases of primary carcinoma of the gastric
stump, 145.

Gastroduodenitis

Results with sulphoglycopeptide in 25 cases of
ulcer and gastroduodenitis, 270.

Gastroenterology

A case of strangulated Bochdalek hernia in a
6 yr-old boy, 46.

Glomerular nephropathy

Clinical, histological and ongoing pictures in chil-
dren with glomerular nephropathy and mono-
symptomatic haematuria, 146.
Clinical determination of blood C3 values in 109
children with glomerular nephropathy, 415.

Glomerulonephritis

Glomerulonephritis and sarcoidosis (Report of
a case), 127.

Glutathione

Glutathione biochemistry: recent findings, 88.

Goitre

Incidence of goitre in Piedmont school-children
and notes on the iodine content of certain food-
stuffs, 107.

Growth hormone

Dopaminergic control of growth hormone secre-
tion in normal and acromegalic subjects, 101.
Insulin secretion in 26 non-endocrine hyposoma-
tic subjects with growth hormone deficiency,
271.

H

Haematology

- Haemostatic changes in the course of chronic liver disease, 146.
Blood iron and transferrin values during total loading with a preparation giving gradual release of iron in the intestine, 144.
Demonstration of two experimental models for pure red cell aplasia, 90.

Haemorrhage

- Leiomyomata responsible for hemorrhage of the digestive system, 138.

Hemodynamics

- Patent ductus arteriosus with elevated pulmonary vascular resistance, 37.
Changes in haemodynamic values induced by sympathomimetic amine (dimethophrine) in 13 healthy subjects, 425.

Hepatitis

- Haemostatic changes in the course of chronic liver disease, 146.

Homeostasis

- Physiological bases for extracellular volume fluid homeostasis, 270.

Humeral epicondylitis

- Indications for the surgical management of humeral epicondylitis, 88.

Hydradenoma

- A rare case of cystic nodular hydradenoma with myoepithelial component, 146.

Hydrocortisone

- Notes on the employment of hydrocortisone in the management of myocardial infarct, 48.

Hyperbaric chamber

- Notes on the history, physiopathological premises and clinical indications of the hyperbaric chamber, 347.

Hyperparathyroidism

- Hyperparathyroidism in pregnancy, 1.
Notes on an American series of 500 cases of primary hyperparathyroidism, 47.

Hypersplenism

- A case of secondary hypersplenism, 47.

Hypomagnesiemia

- A case of primary hypomagnesiemia with secondary hypocalcaemia, 147.

Hypophysis

- Hypothalamic-hypophyseal function in a female subject with olfactogenital dysplasia, or De Morsier-Kallmann syndrome, 145.

I

Immune-complex

- Glomerulonephritis and sarcoidosis (Report of a case), 127.

Immunoproliferative diseases

- Lung neoplasia and paraproteinaemia, 132.

Insulins

- Clinical results with monocomponent insulins, 271.

Insulin secretion

- Insulin secretion in 26 non-endocrine hyposomatic subjects with growth hormone deficiency, 271.

Interatrial block

- A case of advanced incomplete interatrial block with right endo-oesophageal and intra-atrial recordings, 88.

Iodine content

- Incidence of goitre in Piedmont school-children and notes on the iodine content of certain food-stuffs, 107.

I.U.D.

- Personal results with Lippes-Loop in the management of post-traumatic uterine adhesions, 49.

K

Kidney transplants

- Anaesthesiological problems in kidney transplants, 147.

L

Labour

- Chorangioma as a feature of materno-foetal pathology, with particular reference to premature labour, 213.
Results with prostaglandin (PGF_{2α}) in the induction of labour, 215.

Large intestine

Coloscopy and endoscopic polypectomy in the prevention of cancer of the large intestine, 83.

Laser and photocoagulation

Carbon dioxide laser in experimental and clinical surgery for neoplasms, 223.
Experience of skin tumours treatment with laser radiation, 238.
Laser in the locoregional treatment of tumors, 229.
Surgery with the CO₂ laser, 241.
Use of laser in surgery, 235.

L-DOPA

Dopaminergic control of growth hormone secretion in normal and acromegalic subjects, 101.

Leliomyomata

Leliomyomata responsible for hemorrhage of the digestive system, 138.

Lipid metabolism

Use of the discriminating function in the study of lipid metabolism in normal subjects of different age groups, 118.

Liver diseases

Total and single plasma phospholipid levels in chronic liver disease, 89.
Clinical and prognostic significance of plasma cortisol half-life time after i.v. loading in acute and chronic liver disease, 271.

Local immunotherapy

Active immunotherapy with B.C.G. for melanoma, 189.
Anticancer activity of regional lymph nodes, 171.
Attempt with immunotherapy to control metastatic skin nodules from breast cancer by B.C.G., 193.
Clinical results with immunochemotherapy in 40 cases of advanced tumour, 208.
Effect of intranodular B.C.G. in 22 melanoma patients, 187.
Electrocoagulation as a method of immunotherapy, 196.
Immunochemotherapy results in some solid tumours in the ear, nose and throat field, 199.
Local active immunotherapy for malignant melanoma, 182.
Local lympho-plasmacellular reaction to precancerous lesions and tumours of various organs in man, 167.
Six-year study of autografts of irradiated tumour adjuvant to mastectomy and radiotherapy for cancer of the breast, 179.
Therapeutic implications of cellular immune defects in operable cancer patients revealed by dinitrochlorobenzene skin contact sensitivity, 174.
Tuberculinization of cancers, 211.

Lung cancer

Lung neoplasia and paraproteinaemia, 132.

Lymphoma

The effect of splenectomy on tumor immunity and the metastatic spread of a murine reticulum cell sarcoma, 59.

M**Malignant hyperthermia**

Clinical and therapeutic considerations on a case of malignant hyperthermia during anaesthesia, 348.

Materno-foetal pathology

Choriangioma as a feature of materno-foetal pathology, with particular reference to premature labour, 213.

Membrane potential

Phase-4 conduction disturbances: bundle branch blocks and paroxysmal complete atrioventricular block, 22.

Mental deficiency

A case of aortic supravalvular stenosis, facies elfica and mental deficiency, 46.

Mental retardation

A case of serious mental retardation in a subject with a 46, XX, 9p12+ karyotype, 348.

Metatarsal arch

Non-existence of the metatarsal arch, 214.

Mesenterico-caval anastomosis

Effect of mesenterico-caval anastomosis on metabolism and liver mitochondrial function in the rat, 89.

Moya-Moya disease

A case of Moya-Moya disease, 47.

Myocardial infarct

Notes on the employment of hydrocortisone in the management of myocardial infarct, 48.

N**Neonatal cholestasis**

Notes on neonatal cholestasis, 48.

Neonatology

NTB test stimulated in the newborn infant, 147.

Nephrology

Clinical, histological and ongoing pictures in children with glomerular nephropathy and monosymptomatic haematuria, 146.

NTB test

NTB test stimulated in the newborn infant, 147.

Neuroblastoma

A case of congenital neuroblastoma, 215.

Neurocutaneous melanosis

A case of neurocutaneous melanosis, 48.

O**Ocular diseases**

The relationship between blood lipids and certain ocular diseases associated with arteriosclerosis, 347.

Oncology

The effect of splenectomy on tumor immunity and the metastatic spread of a murine reticulum cell sarcoma, 59.

Palliative demolitive surgery in oncology, 65.

Papillary cystadenoma lymphomatosum (Warthin's tumour), 79.

Tissue reaction and its relation to skin cancer, 81.

Coloscopy and endoscopic polypectomy in the prevention of cancer of the large intestine, 83.

Surgical management of pancreas carcinoma: the present position, 89.

Results with artificial pneumothorax in the management of 4 case of neoplastic pleurodynia, 90.

Seven cases of primary carcinoma of the gastric stump, 145.

Orthopaedics

Notes on pre- and post-operative treatment in Dupuytren's contracture, 87.

Indications for the surgical management of humeral epicondylitis, 88.

Non-existence of the metatarsal arch, 214.

Ossifying myositis

Surgical management of ossifying myositis of the anterior brachial, 215.

Osteogenesis imperfecta

Two typical cases of congenital osteogenesis imperfecta, 215.

Osteosynthesis

Notes on 18 cases of osteosynthesis with two A-O spongy screws in femur neck fractures, 88.

Ovary biopsy

Results with microlaparotomy and ovary biopsy in the investigation of amenorrhoea, 215.

P**Paediatrics**

A case of strangulated Bochdalek hernia in a 6 yr-old boy, 46.

Notes on the modern treatment of infantile pneumothorax, 90.

Clinical, histological and ongoing pictures in children with glomerular nephropathy and monosymptomatic haematuria, 146.

Notes on the clinical and medicosocial aspects of phenylketonuria, with reference to two personal cases, 147.

Clinical determination of blood C3 values in 109 children with glomerular nephropathy, 415.

Pancreas carcinoma

Surgical management of pancreas carcinoma: the present position, 89.

Papillo-odditis

Personal experience in the surgical management of 20 cases of papillo-odditis following cholelithiasis, 89.

Paraneoplastic syndromes

A 2-year series of paraneoplastic syndromes, 13.

Paraproteinaemias

Lung neoplasia and paraproteinaemia, 132.

Pharmacology

Postoperative pulmonary complications following abdominal surgery. Notes on the preventive administration of a bronchosecretolytic associated with an antibiotic, 347.

Preliminary clinical notes on the determination of the blood levels and urinary excretion of the components of a new, rectally administered anti-inflammatory product, 214.

Results with an injectable anti-aldoosterone in internal medicine, 214.

The use of a new pharmacological association in the treatment of degenerative arthropathies, 269.

Phenylketonuria

Notes on the clinical and medicosocial aspects of phenylketonuria, with reference to two personal cases, 147.

Phrenic nerve

Respiratory insufficiency due to paralysis of the phrenic nerve in chest surgery, 89.

Phosphorus metabolism

Hyperparathyroidism in pregnancy, 1.

Plasma cortisol

Clinical and prognostic significance of plasma cortisol half-life time after i.v. loading in acute and chronic liver diseases, 271.

15 plasma lipid parameters

Use of the discriminating function in the study of lipid metabolism in normal subjects of different age groups, 118.

Plasma phospholipid levels

Total and single plasma phospholipid levels in chronic liver disease, 89.

Pleurodynia

Results with artificial pneumothorax in the management of 4 cases of neoplastic pleurodynia, 90.

Pleuropulmonary staphylococci

Notes on pleuropulmonary staphylococci, 271.

Pneumothorax

Notes on the modern treatment of infantile pneumothorax, 90.

Post-phlebitis syndrome

Surgical management of the post-phlebitis syndrome, 147.

Preclinical atherosclerosis

Preclinical atherosclerosis: possibility of identification by auscultation for the femoral arteries, 415.

Pregnancy

Anatomical and clinical notes on post-pregnancy cholelithiasis, 213.

Eight cases of chromaffinoma in pregnancy, 145. Fibrinolysis in the last three months of pregnancy, 145.

Fibrinolytic homeostasis index in physiological and pathological pregnancy, 214.

Notes on circlage of the cervix during pregnancy, 414.

Prostaglandin

Results with prostaglandin (PGF_{2a}) in the induction of labour, 215.

Pseudoarthrosis

Notes on the management of infected pseudoarthrosis of the tibia, 415.

Psoriasis

A study of HL-A phenotypes in six families with a high incidence of psoriasis, 48.

Pulmonary hypertension

Patent ductus arteriosus with elevated pulmonary vascular resistance, 37.

R**Radiology**

Iodoxamic acid: a new cholangio-cholecystographic preparation, 213.

Red cell aplasia

Demonstration of two experimental models for pure red cell aplasia, 90.

Renal ptosis

Surgical treatment of renal ptosis, 348.

Respiratory insufficiency

Respiratory insufficiency due to paralysis of the phrenic nerve in chest surgery, 89.

Rheumatic score

A proposed standard evaluation ("rheumatic score") for rheumatism and streptococcus infection, 217.

Rheumatism

The pathomorphosis of rheumatism, 148.

S**Sarcoidosis**

Glomerulonephritis and sarcoidosis (Report of a case), 127.

Schönlein-Henoch syndrome

Intestinal puncture; a rare complication of Schönlein-Henoch syndrome, 272.

Skin cancer

Tissue reaction and its relation to skin cancer, 81.

Small intestine

Notes on the physiopathological and clinical aspects of massive resection of the small intestine, 91.

Splenectomy

The effect of splenectomy on tumor immunity and the metastatic spread of a murine reticulum cell sarcoma, 59.

Stenosis of the aorta

Epidemiological and clinical pictures in the classification of congenital stenosis of the aorta, 348.

Sternal puncture

Fatal accidents resulting from sternal puncture, 49.

Streptococcus infection

A proposed standard evaluation ("rheumatic score") for rheumatism and streptococcus infection, 217.

Surgery

Indications for the surgical management of humeral epicondylitis, 88.

Notes on pre- and post-operative treatment in Dupuytren's contracture, 87.

Notes on the management of infected pseudoarthrosis of the tibia, 415.

Notes on the physiopathological and clinical aspects of massive resection of the small intestine, 91.

Palliative demolitive surgery in oncology, 65.

Patent ductus arteriosus with elevated pulmonary vascular resistance, 37.

Personal experience in the surgical management of 20 cases of papillo-odditis following cholelithiasis, 89.

Respiratory insufficiency due to paralysis of the phrenic nerve in chest surgery, 89.

Surgical treatment of renal ptosis, 348.

The relation between radicality of resection, recurrences and survival in differentiated tumours of the thyroid, 349.

Sympathomimetic amine

Changes in haemodynamic values induced by sympathomimetic amine (dimethoprine) in 13 healthy subjects, 425.

Syphilis

Bone impairment in secondary syphilis, 148.

T**Tetanus**

Personal experience in the treatment of 53 cases of tetanus, 348.

Therapy

Personal experience in the treatment of 53 cases of tetanus, 348.

Short- and long-term observations on the therapeutic effectiveness of oxyphedrine in acute cardiac infarct, 414.

Treatment of bronchopneumopathies with venously perfused aminosidine, 31.

Thyroid

Incidence of goitre in Piedmont school-children and notes on the iodine content of certain foodstuffs, 107.

Thyroid tumours

The relation between radicality of resection, recurrences and survival in differentiated tumours of the thyroid, 349.

Topical chemotherapy

Chemoprophylaxis of bladder cancer recurrence: immunological aspects, 253.

Local chemotherapy of skin cancer, 251.

Local management of pleural and peritoneal effusion in the course of neoplasia, 267.

Local treatment of urinary bladder tumours with pepticchemio, 262.

Possibilities and limits of topical 5-fluorouracil treatment in precancerous and cancerous skin lesions, 265.

Topical chemotherapy of the tumors of the head and neck, 259.

Traumatology

Nine cases of post-traumatic fat embolism, 88.

Trichomonas

Alpha-tenoyl-amino-2-nitro-5-thyrazol and nystatine in the management of Trichomonas and mycete vulvovaginitis, 416.

Trisomy 22

Clinical and cytogenetic assessment of a case of trisomy 22, a possible new syndrome, 49.

Tumor

A 2-year series of paraneoplastic syndromes, 13.

U**Ulcers**

Results with sulphoglycopeptide in 25 cases of ulcer and gastroduodenitis, 270.

Ultrasound

A functional study of peripheral obstructive arteriopathies, using an ultrasound flow detector, 144.

Ureterocele

A case of acquired ureterocele, 91.

Uterine adhesions

Personal results with Lippes-Loop in the management of post-traumatic uterine adhesions, 49.

V

Vascular surgery

34 examples of re-operation in vascular surgery, 49.

Veins

Surgical management of the post-phlebitis syndrome, 147.

Vulvovaginitis

Alpha-tenoyl-amino-2-nitro-5-thyrazol and nystatine in the management of *Trichomonas* and mycete vulvovaginitis, 416.

W

Warthin's tumour

Papillary cystadenoma lymphomatosum (Warthin's tumour), 79.

Wilson's disease

Recent findings in the therapy of Wilson's disease. Clinical contribution, 148.

**IVth INTERNATIONAL SYMPOSIUM
ON THE LOCOREGIONAL TREATMENT
OF TUMOURS**

Opening

Address of welcome, 155.
Locoregional treatment of tumours, 157.
Some general principles to evaluate the results of new therapy in cancerology, 160.

Local immunotherapy

Rapporteur's introduction, 163.
Local lympho-plasmacellular reaction to precancerous lesions and tumours of various organs in man, 167.
Anticancer activity of regional lymph nodes, 171.
Therapeutic implications of cellular immune defects in operable cancer patients revealed by dinitrochlorobenzene skin contact sensitivity, 174.
Six-year study of autografts of irradiated tumour adjuvant to mastectomy and radiotherapy for cancer of the breast, 179.
Local active immunotherapy for malignant melanoma, 182.
Effect of intranodular B.C.G. in 22 melanoma patients, 187.
Active immunotherapy with B.C.G. for melanoma, 189.
Attempt with immunotherapy to control metastatic skin nodules from breast cancer by B.C.G., 193.

Electrocoagulation as a method of immunotherapy, 196.

Immunochemotherapy results in some solid tumours in the ear, nose and throat field, 199.
Clinical results with immunochemotherapy in 40 cases of advanced tumour, 208.
Tuberculinization of cancers, 211.

Laser and photocoagulation

Rapporteur's introduction, 221.
The carbon dioxide laser in experimental and clinical surgery for neoplasms, 223.
Laser in the locoregional treatment of tumors, 229.
Use of laser in surgery, 235.
The experience of skin tumours treatment with laser radiation, 238.
Surgery with the CO₂ laser, 241.

Topical chemotherapy

Rapporteur's introduction, 245.
Local chemotherapy of skin cancer, 251.
Chemoprophylaxis of bladder cancer recurrence: immunological aspects, 253.
Topical chemotherapy of the tumors of the head and neck, 259.
On the local treatment of urinary bladder tumours with peptichemio, 262.
Possibilities and limits of topical 5-fluorouracil treatment in precancerous and cancerous skin lesions, 265.
Local management of pleural and peritoneal effusion in the course of neoplasia, 267.

Arterial infusion chemotherapy

Rapporteur's introduction, 277.
Regional chemotherapy plus surgery: a prospective randomized study, 284.
Bronchial artery infusion therapy for lung cancer as surgical adjuvant chemotherapy, 290.
Current experience with infusion chemotherapy of hepatic cancer, 294.
Treatment of primary and secondary liver cancer by protracted arterial chemotherapy, 296.
Treatment of metastatic adenocarcinoma from colon to liver by intra-arterial infusion of chemotherapeutic agents, 279.
Continuous intra-arterial infusion for treating Jensen sarcoma, 304.
Results of intra-arterial infusion in combination with irradiation and surgery in the treatment of cancer of the head and neck, 308.
Loco-regional selective chemotherapy in advanced neoplasias of the head and neck, 311.
Loco-regional selective chemotherapy in advanced neoplasias of the head and neck, 315.
Our experience of intra-arterial chemotherapy in head and neck, 319.
The management of advanced head and neck neoplasms by continuous intra-arterial infusion and irradiation, 323.
Combined intra-arterial infusional chemotherapy of advanced head and neck tumors, 326.
The intra-arterial infusion of antitubercular drugs for tumors of the head and neck. A critical evaluation of long term results, 329.

Histological changes of squamous cell carcinoma induced by continuous intra-arterial infusion of high doses of methotrexate, 331.
Bronchial artery infusion therapy for unresectable bronchogenic carcinoma, 337.
Four and one half year cancer-free survival after ambulatory arterial infusion of 5-fluorouracil for cancer in the liver, 339.

Cryosurgery

Rapporteur's introduction, 357.
Cryosurgery of massive recurrent cancer, 359.
Application of low temperatures in brain surgery. A critical review based upon an experience of 10 years, 362.
Cryosurgery for the treatment of neoplasms of the oral cavity, 366.
Intra-arterial chemotherapy adjuvant to cryosurgery of oral cancer, 369.
Cryosurgery for hemangiomas, 371.
Cryosurgical treatment of the nervus facialis in the rhesus monkey, 373.

Cryosurgery for oral cancer, 376.
Cryosurgery in metastatic malignant melanoma, 382.
Results with cryotherapy in skin tumours, 384.
Long-term results of cryotherapy in the management of inoperable carcinoma of the prostate, 390.

Arterial radiotherapy

Rapporteur's introduction, 392.
Treatment of cancer by the intra-arterial injection of radioactive isotopes, 394.
Locoregional treatment of neoplasms by radioactive infarct particles introduced via arterial catheterization, 398.
The treatment of metastatic cancer of the liver from primary cancers of the rectum and colon, 405.
Regional internal radiation for hepatic cancer, 409.
Personal experience with endoarterial radiotherapy in 8 cases of renal tumour, 412.

2. - ALPHABETICAL INDEX OF AUTHORS
